To all who are inclined to read my thoughts, I say, “Thank you.”

I have known Cameron Murray, Member/Manager of ECM Enterprises, LLC for more than ten years. What began as a neighborhood acquaintance has grown into a fine business relationship, one built on mutual trust and respect.

While I could cite innumerable examples of the mettle of this man and the quality of his employees, I invite and encourage you to drive around and look at the quality of his work. If you are lucky, you may find a crew at work, a crew that to the man represents the Company and its owner with pride. These guys work hard, they work efficiently, and because their work is adequately planned and supervised, they are good at what they do and they are rightfully proud. Our relationship began over ten years ago with an ambitious neighbor offering to take the lawn mower out of my hands. This past year, ECM transformed our “developer” lawn and overgrown natural areas into an outdoor living area that we enjoy everyday.

Whether you are considering routine maintenance, adding irrigation or hardscape, replacing shrubs or a complete landscape makeover, without a moment’s hesitation, I heartily commend Cameron Murray and ECM Enterprises. Our experience is that they do what they say they are going to do, on or before they say they will and at a competitive price. What more can a homeowner ask? Though I smile when I open his invoice each month and know that I am Customer # 0001, I can assure you that this is merely an accounting bit—every customer is #1 to Cameron and ECM Enterprises.

In short, my life is enriched with Cameron as a friend and as a “go-to” guy for all things yardy. Your’s can be, too.
